CHIEF FINANCIAL OFFICER

Encl: As above

Krsnaa Diagnostics IPO opens August 4

Ahmedabad, Krsnaa Diagnostics Rs 1,213-crore IPO will open for subscription on Wednesday, 4 August 2021, at a price band of Rs 933-954 per share of face value of Rs 5 each.

Krsnaa Diagnostics Rs 1,213-crore IPO will open for subscription on Wednesday, 4 August 2021, at a price band of Rs 933-954 per share of face value of Rs 5 each. The public issue comprises a fresh issue of shares worth Rs 400 crore and an offer for sale (OFS) of up to 85.25 lakh equity shares by existing selling shareholders. The offer for sale consists of sale of 16 lakh equity shares by PHI Capital Trust- PHI Capital Growth Fund-I;

33,40,713 equity shares by Kitara PIIN 1104; 35,63,427 equity shares by Somerset Indus Healthcare Fund I; and 21,380 equity shares by Lotus Management Solutions (acting through Mayur Sirdesai). The total offer size comes to Rs 1,213.33 crore.

In the grey market, Krsnaa Diagnostics shares were trading at Rs 1,364 apiece, Rs 410 or 43 per cent premium over the IPO price, according to the people who deal in the unlisted shares of companies. Krsnaa Diagnostics IPO will be among four public issues to open on 4 August 2021 along with Devyani International, Windlas Biotech, and Exaro Tiles. Investors can bid for a minimum of 15 eq-

uity shares and in multiples thereafter, implying a minimum investment of Rs 14,310 per lot at the upper end of the price band. Up to 75 per cent of the net offer (or Rs 881.57-895 crore) will be reserved for Qualified Institutional Buyers (QIBs), 15 per cent (or Rs 176.31-179 crore) for non-institutional investors and the remaining 10 per cent (or Rs 117.54-119.33 crore) for the retail investors. The offer also includes a reservation of shares worth Rs 20 crore for employees, who will a discount of Rs 93 per share to the final issue price. JM Financial, DAM Capital and IIFL Securities are the bookrunning lead managers to the issue.

WR Crossed Rs. 100 cr mark in scrap sale during current financial year

Ahmedabad, Western Railway is committed to make all its railway establishments and units, scrap free under the "Mission Zero Scrap". Under the dynamic leadership & valuable guidance of Shri Alok Kansal - General Manager of Western Railway, in the current financial year, Western Railway has crossed the big figure of Rs 100 crore by scrap sale.

According to a press release issued by Shri Sumit Thakur - Chief Public Relations Officer of Western Railway, it is worthwhile to mention that despite the uncertain and difficult time

of COVID-19 pandemic, Western Railway not only achieved the onerous task of scrap sale target of Rs. 410 crores in the financial year 2020-21, but also surpassed it by a substantial margin of 20%. Western Railway sold scrap worth Rs. 491.04 crores in 2020-21, making it highest amongst all Zonal Railways & Production Units of Indian Railways.

Shri Thakur added that in the past three years, Western Railway has been consistently selling scrap of approx. Rs 500 crores which has helped in monetization of blocked funds and con-

sequent revenue generation. Continuing with its march of Mission Zero Scrap, Western Railway became the first Railway to cross first milestone of Rs.100 Crs on 30th July, 2021 by selling scrap worth Rs.102.32 crores till 30th of July 2021. Under the directives of General Manager Shri Kansal and Principal Chief Materials Manager Shri D.K. Shrivastava, Western Railway has set its target to make the Zonal Railway completely scrap free & aims to achieve 100% scrap free status at all its workplaces by the end of current year.

Business Brief

TKM registers a 143% growth in month of July 2021

Bangalore, Toyota Kirloskar Motor today announced that the company sold a total of 13,105 units in the month of July 2021, thereby registering a growth of 143% when compared to the domestic sales in the month of July 2020. The company also clocked a 49% growth in domestic sales when compared to sales made in June 2021. For reference, TKM had reported wholesales of 5386 units in the month of July 2020 and 8801 units in the month of June 2021.

Commenting on the monthly sales, Mr. V. Wiseline Sigamani, Associate General Manager (AGM), Sales and Strategic Marketing, Toyota Kirloskar Motors said, "July has been a good month for us as we have witnessed a significant surge in both demand as well as wholesales numbers, second month in a row. Our pending orders were already very encouraging since June and in July, our retail sales have also been promising thereby drastically bringing down the gap between wholesales and retail figures. The Innova Crysta and the Fortuner deserve a special mention here as both these models have significantly contributed to our total sales, thereby reiterating their segment leadership positioning in their respective segments. Even the Glanza and Urban Cruiser are doing consistently well month on month, especially owing to the need for personal mobility in the post Covid era.

Skoda Auto India sales increase 234% in July

Mumbai, SKODA AUTO, the Czech Marque, announced a 234% increase in its July 2021 sales, compared to the same period last year. The company sold 3,080 cars in July 2021, compared to 922 cars sold in July 2020.

Mr. Zac Hollis, Brand Director - SKODA AUTO India, said, "KUSHAQ was launched with the vision of substantially growing our volumes in India, and it is very encouraging to see our plan taking shape. Despite a challenging environment, we have managed to have a really successful launch, which is in line with our strategic focus and volume expectations. Moreover, the new launch has enabled us to build a strong momentum across the value chain. We are seeing a surge in dealership footfalls and customer enquiries.

Sales in June 2021 stood at 734 units, which account for a 320% increase in July 2021 sales over June 2021. As per the company's strategy, the surge in sales is fuelled by the launch of KUSHAQ, which will be one of the important growth drivers of the brand going forward.

NTPC Q1 net profit rises 27.35% to over Rs 3,000 cr

New Delhi, The country's largest power generator NTPC Ltd. has reported 27.35 per cent increase in its net profit during the first quarter of current fiscal on the back of higher generation and improved demand for power. The company reported Q1 FY22 net profit of Rs 3,145.63 crore as against Rs 2,470.16 crore in Q1 FY21.

The total income during the period under review stood at Rs 26,802.25 crore as against Rs 24,021.00 crore in the same period previous year, registering an increase of 11.58 per cent. In the April-June quarter NTPC group recorded gross generation of 85.81 billion units as against 67.94 billion units during the previous quarter of last year. On standalone basis, the gross generation of NTPC for Q1 FY22 was 71.75 Billion units as against 60.19 billion units in the previous quarter of last year. Coal stations achieved a Plant Load Factor of 69.68 per cent as against National Average of 58.50 per cent with an availability factor of 93.68 per cent. NTPC Group present installed capacity is 66,885 MW. — IANS

Compliance not eased for GST taxpayers with over Rs 5 cr turnover, reconciliation statement remains

New Delhi, Taxpayers looking at ease of compliance requirement for filing annual GST returns for 2020-21 are in for a rude shock as the government has not completely done away with the process of including the reconciliation statement along with the returns.

The preparation of the reconciliation statement to tally with the numbers given in the annual returns is always a challenge for taxpayers and even tax experts face problems in finalising these.

According to a notification issued by the Central Board of Indirect Taxes and Customs (CBIC) late on Friday evening, every registered person, other than specified persons, whose aggregate turnover during a FY exceeds Rs 5 crore, will be required to furnish a self-certified reconciliation statement as specified un-

der section 44 in FORM GSTR-9C along with the annual returns.

While the notification brings clarity over filing of annual GST returns for FY21, it has made self-certified reconciliation statement a part of GSTR 9 itself now. In simple words, GSTR 9C existing currently is removed and has been made a part of GST Annual Return GSTR 9.

"So, taxpayers having aggregate turnover above Rs 5 crore need to file self-certified reconciliation statement even for FY 2020-21 as a part of Annual Return. The notification has brought clarity over this as-

pect of compliance," said Aditya Singhania, partner at Singhania GST Consultancy.

He added that the notification has also done away with the requirement of filing a GST reconciliation statement certified by char-

tered accountants (CAs) or cost and works accountants (CWAs). "This should allow other professionals including legal counsellors working on GST cases to take up the preparing of reconciliation statement for taxpayers wherever required. But it also puts a responsibility on taxpayers to furnish details in Annual Return on true and correct basis on self-certification basis," Singhania said. While clarifying on annual filing requirement for taxpayers, the CBIC notification has gone with changes incorporated in the Finance Act, 2021 for easing the compliance burden on taxpayers.

Accordingly, it has exempted registered persons whose aggregate turnover in FY 2020-21 is up to Rs 2 crore from filing of annual GST return. It is not clear whether taxpayers with turnover between Rs 2 and Rs 5 crore would be required to attach reconciliation statement along with annual returns. However, going by precedence such taxpayers may be given the option on filing the reconciliation statement. — IANS

No change in petrol, diesel prices for 16 straight days

New Delhi, The oil marketing companies (OMCs) continued to pause fuel price revision for the sixteenth consecutive day on Monday, the longest period in weeks, as wait and watch continues amidst rising global crude prices.

Accordingly, in the national capital, petrol continues to be sold for Rs 101.84 per litre, while diesel is also being sold at the unchanged price of Rs 89.87 a litre on Monday.

The pump price of fuel has been static since July 18.

One of the main reasons for pause in fuel price rise is an over 10 per cent fall seen in global oil prices with benchmark crude sliding to \$69 a barrel earlier last month. It had again risen close to around \$75 a barrel on strong demand projections. With OPEC reaching an agreement to raise crude production, oil prices are expected to remain soft. This could make way for fuel

prices in India to actually fall after a long interval.

In the city of Mumbai, where petrol prices crossed Rs 100 mark for the first time on May 29, the fuel price is at Rs 107.83 per litre. Diesel price in the city is also at Rs 97.45, the highest among metros. Petrol prices in all metros have now crossed Rs 100 per litre mark.

The fortnight long price pause comes after fuel prices increased on 41 days and remained unchanged on 50 days since May 1. The 41 increases have taken the petrol prices up by Rs 11.44 per litre in Delhi. Similarly, diesel has increased by Rs 9.14 per litre in the national capital. Since April 2020, petrol prices have increased by Rs 32.25 per litre from Rs 69.59 a litre to Rs 101.84 a litre now in Delhi. Similarly, diesel price during the period has increased by Rs 27.58 per litre from Rs 62.29 to Rs 89.87 a litre in the national capital.

Healthy sales, tax data buoy indices; realty stocks' gain

Mumbai, Hopes of faster economic rebound, along with healthy auto sales data and GST collections lifted India's equity markets during the pre-noon trade session on Monday. Initially, the equity markets had a gap up opening due to positive global cues and investors' optimism over healthy Q1 FY21 results. Sector wise, realty and oil and gas indices have gained the most in early trade.

Consequently, the BSE Sensex traded at 52,946.95 points, at 11.35 a.m., higher by 360.11 points or 0.68 per cent from its previous close.

The Nifty50 on the National Stock Exchange traded at 15,873.40, higher by 110.35 points or 0.70 per cent from its previous close. "Indian equity market opened gap up and has remained in a range since then. Asian markets recov-

ered from morning lows," said Deepak Jasani-Head of Retail Research at HDFC Securities.

"Nifty could face resistance at 15,899. Our markets will look at the Asian and European markets later for cues for further rise."

According to Likhita Chepa, Senior Research Analyst at CapitalVia Global Research: "Indian benchmark indices started with a gap up after the positivity in global sentiments. Sentiments got the boost as GST collection recovered to a three-month high in July, exceeding Rs 1.1 trillion, as economic activity resumed. Technical indicators also support positivity in the market." "If the Delta variant of the corona virus is kept in control, we can expect the economic activities getting back to pre-covid levels very soon."

EVTRIC Motors launches 2 slow-speed electric scooters in India

Pune, Automotive start-up EVTRIC Motors on Monday launched its first electric scooters in the slow-speed category — EVTRIC AXIS and EVTRIC RIDE — for Rs 64,994 and Rs 67,996, respectively. The company said that the booking will soon open online and offline with zero booking amount on its website, along with select e-tailers. The e-scooter comes with a detachable lithium-ion battery option that provides the users with the convenience of charging. The scooters have a loading capacity of 150 kgs, clocking a motor power of 250W. Both the e-scooters take around 3.5 hours of charging time for a full battery, covering a distance of over 75 kms on a single charge, with a top speed of 25 kms per hour, the company said in a statement. "We have begun with the slow-speed e-scooters category, as we understand, given the current technology this would be a justified buy for the day-to-day commute of users. These products will fall in line with the customer expectations leaving them with economic travel and smooth experience," said Manoj Patil, MD and Founder, EVTRIC Motors.

Positive global cues, hopes of healthy Q1 lift indices

Mumbai, Positive global cues from Asian indices along with domestic hopes of more healthy quarterly results lifted India's equity markets during the morning trade session on Monday. Initially, the equity markets had a gap up opening due to positive global cues. Consequently, the BSE Sensex traded at 52,868.36 points, at 10.15 a.m., higher by 281.52 points or 0.54 per cent from its previous close. The Nifty50 on the National Stock Exchange traded at 15,851.55, higher by 88.50 points or 0.56 per cent from its previous close. — IANS

Covid shadow: Auto Expo 2022 postponed

New Delhi, The prevailing threat of a third Covid wave has led to postponement of Auto Expo 2022.

Accordingly, the motor show which was originally slated to have been held from February 2-9, 2022 at the India Expo Mart in Greater Noida has been postponed. The organiser of the show - Society of Indian Automobile Manufacturers - said the exact date for the next edition of 'Auto Expo - The Motor Show' would be finalised later this year. "Safety of 'Exhibitors, Visitors' and all stakeholders involved and present at the Expo is the topmost priority for SIAM," "It is in this context that the Indian automobile industry and SIAM recognises the inherent risks in organising the Auto Expo due to the on-going Covid-19 Pandemic and the apprehensions of a possible third wave."

There is uncertainty, he said, around how Covid-19 would develop in the coming months and at the same time organising auto expo would need a lead time of preferably a year.

TENDER NOTICE NO. 05 OF 2021-22
